Jan, Mar, May, Jul, Sep, Nov; a serial option contract is listed when the front month is not a standard option contract. The serial option contract exercises into the nearby futures contract. For example, an August serial option exercises into a September futures position.
Last Trading Day
Standard option contracts: The last Friday preceding the first notice day of the corresponding rough rice futures contract month by at least two business days. Serial option contracts: The last Friday which precedes by at least two business days the last business day of the month preceding the option month.
Exercise
Option buyers may exercise an option contract on any business day prior to expiration by giving notice to the clearinghouse by 6:00 p.m. Chicago time on such day. Option exercise results in an underlying futures market position prior to the open of the next daytime trading session. Options in-the-money after the close on the last trading day are automatically exercised.
Expiration
Unexercised Rough Rice futures options expire at 7:00 p.m. on the last day of trading.
